

CHECK LIST

Manukau Water Limited Approval Pack

Enquiries to Manukau Water Limited on 265 4488 or www.manukauwater.co.nz

Thank you for submitting your Manukau Water Limited approval application. This application will generally be submitted in conjunction with a Building Consent Application for Manukau City Council. However, you can apply for your Manukau Water Limited approval separately.

Please ensure that you have included the following items when submitting your approval application:

- An application form.
- Three sets of scaleable Site and Drainage Plans showing all existing and proposed, public drains, private drains and water meters. Minimum paper size A3 (preferred).

Required only if building in close proximity of drains (for further details see our brochure, *Building in Close Proximity to Public Drains*):

- Three sets of scaleable Foundation Plans.

Required only if this application is for a commercial building:

- Fire Safety Report.
- Water Demand Calculation.

This application can be submitted with your Building Consent Application, or, if it is only an approval to connect to Manukau Water Limited's water and/or wastewater network you require, then please submit your application to the Development Team, 364 East Tamaki Road, East Tamaki.
